

OdorBac Tec⁴

Sustainability by Design

Carbon Reduction

Manufactured using
renewable energy sources

We offset our carbon to make
all deliveries CO2 Neutral

Proud to be a UK SME

Manufactured in the UK

Product Consolidation

Clean and freshen an entire facility
with just one safe product

- Cleaner
- Degreaser
- Sanitiser
- Fabric cleaner
- Carpet cleaner
- Odour eliminator

100% biodegradable

Hazard free

Our 100% recycled plastic containers have huge benefits:

88%

Less energy to create the
same product

59%

Less water consumption

71%

Less CO2

Savings for Recycled HDPE Plastic Resins Compared to Virgin Plastic HDPE Resins - APR White Paper May 2020. GWP saving defined as CO2.

Closed Loop Recycling

We have built facilities at our factory to
enable the cleaning and re-use of our
100% recycled plastic 5 litre containers.

In partnership with distributor Bunzl CHS
we have trialled the system and are
rolling out nationwide during 2022.

Social Enterprises

We've pledged cash, activities
and free product to support
homeless charity Emmaus

Wherever possible we
employ local people

We provide paid time off for
staff community volunteering

We're running in the London 10k
and 2022 London Marathon to
raise money for charity

One Planet One Product Zero Plastic.*

Questions you should be asking your supplier in 2022?

Can I clean an entire facility with just one Product?

You can when you choose **OdorBac Tec4**, the patented **ALL** surface cleaner and odour eliminator. Consolidation is key for safety, efficiency and cost.

Can I remove hazardous products?

Yes, OdorBac Tec4 is not classed as hazardous, even in its concentrated format!

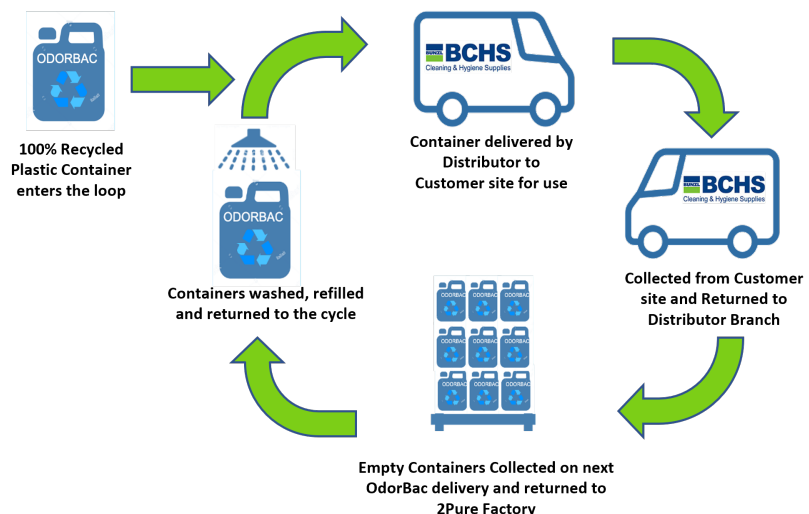

Can I remove virgin plastic from my cleaning products?

Yes, all OdorBac bottles and containers are made from 100% recycled and 100% recyclable plastic.

Can I reuse my plastics in a closed loop?

Yes, all OdorBac containers can be returned and reused again and again using our closed loop.

Results are recorded to quantify ongoing environmental savings for stake holders, employees and customers.

Can it all be done better?

We believe so, but don't take our word for it. Arrange your free OdorBac trial today, to see first hand, the operational and environmental benefits of using OdorBac in your business.
